To Whom It May Concern:

I am pleased to recommend Anthony Loder/Phones USA for your telephone, cable and computer needs.

In 2005, my wife and I built a 3000 square foot home in Westchester. We retained the services of Mr. Loder/Phones USA to work with us in identifying our needs, recommending appropriate systems, placement and installation so that every room had easy access to an integrated telephone system, cable television/computers, and even broadband lines. He was a pleasure to work with and easily coordinated his responsibilities with our architect and builder. Mr. Loder made himself available as needed, came in with competitive pricing for all services and equipment, and had a knowledgeable and diligent crew of installers.

We would not hesitate to contact Mr. Loder for any of our telecommunication needs in the future.

Sincerely,

Paul R. Chuman
