To Whom It May Concern:

In February of 2005 we decided to replace our 1989 Panasonic phone system with more up-to-date equipment and we were lucky enough to be referred to Anthony Loder and his company, Phones USA.

Phones USA proposed an ESI system, which was exactly what was needed as we combine staffers and volunteers in our offices in both our school and church, and simplicity of operation was key. The system has performed perfectly and for us the most important component has been fast service and remote configuration as required. We also recently needed to add a phone for a new employee and this was achieved quickly with a minimum of disruption.

We wholeheartedly recommend Anthony and the cast of characters at Phones USA and welcome any enquiries.

A handwritten signature in black ink, appearing to read "Paul Batchelor". The signature is fluid and cursive, with the first name being more prominent.

Paul Batchelor
Business Manager
Church of the Nativity
