To Whom This May Concern:

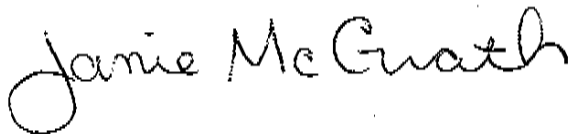

For the last four years we have dealt with PhonesUSA, I have been continuously impressed with Anthony Loder's work ethic, knowledge, and "hands-on" attitude as our phone specialist.

Though the phone systems were, at times, frustrating as any technology can be, Anthony and his team remained the complete opposite: accessible to answering questions and quick at finding solutions. When our phone system continued to have difficulties, he replaced the entire system at no cost. Anthony's quick action in fixing our issue exemplifies his dedication to his job and, most importantly, to his clients.

When we need PhonesUSA to come in for service, it is always a pleasure to see the techs. Aaron and Andrew are always friendly and so helpful. Also, when we have a quick technical question, Craig never fails to be on the other end of that email with an answer.

I enthusiastically recommend Anthony and his team at PhonesUSA for business and personal phone needs.

Sincerely,

Janie McGrath
