To Whom It May Concern,

This letter is a reference for Anthony Loder and PhonesUSA. Anthony and his crew installed a Panasonic phone system in our new warehouse in Albuquerque, NM in September 2008.

It was an extensive system of 18 phones, a paging system, a front and back door entry system, and wireless data access throughout the building. Anthony and his crew were very knowledgeable, easy to work with and expedient in their installation.

Their post installation support has been very helpful and they can resolve most issues remotely in a timely manner.

We have been very happy with their service.

Please feel free to contact me as a reference.

Sincerely,

Meredith Stewart - Manager
FilmMaker Production Services Company
